"I want to discover good music easily and listen to it without interruptions wherever I go."

🎯Goals

- Discover new songs and artists easily
- Create playlists for different moods and activities
- Enjoy smooth music streaming with minimal interruptions

⚡ Challenges

- Too many songs and playlists to choose from
- Difficulty finding new music that matches his taste
- Annoying advertisements during listening

👤 Behavior

- Frequently listens to music while working or travelling
- Creates playlists based on mood and activity
- Often explores recommended songs and trending artists
